

CITATION

The City of Philadelphia is strongly committed to all efforts supporting gender parity and closing the wage gap between men and women. Philadelphia is the proud home of countless distinguished women who have been tireless in their advocacy of equality for women. As the American economy continues to change and evolve, women have risen in leadership roles that have shaped our economy and influenced generations of women preparing for opportunities in newly available industries. The City of Philadelphia supports all efforts to increase awareness of women in the workforce and increase business opportunities for women.

This Women's History Month, a special event will bring participants together in networking and a panel discussion focused on cultivating the remarkable strength of women in the workforce. Titled "Nurturing Women Force in the WorkForce," the event will feature the founder of G100, Dr. Harbeen Rai Arora, and the panel will showcase distinguished professionals, thought leaders, and others sparking a meaningful discussion on fostering a dynamic industry and atmosphere for women in Pennsylvania. Topics will cover career growth, leadership, and work-life balance.

On Wednesday, March 13, 2024, Nurturing Women Force in the WorkForce is being held at The Chester County History Center, with proceeds in support of The Crime Victims' Center of Chester County. The event is co-presented by OYL Consulting by Navixha, a Leadership and Wellness Coach, and firstPRO Inc., a premier IT recruiting and staffing firm in Philadelphia.

It is fitting and appropriate, therefore, that the City of Philadelphia officially recognize with this Citation

NURTURING WOMEN FORCE IN THE WORKFORCE

along with G100 Founder, Dr. Harbeen Rai Aror and commend the organizers including OYL Consulting by Navixha and firstPRO Inc. for presenting this inaugural G100 event aimed to further empower women in the workforce.
